

# Bombardier

**New variety, ideal for autumn or winter use for dairy, beef or lamb production**

**End Use:** Dairy, Beef & Sheep

**Utilisation:** Graze in situ & Zero Graze

**Sowing period:** Spring

**Utilisation Period:** Autumn & Winter

**Bombardier is a new kale variety with the potential to deliver high dry matter yields ideal for dairy, beef or lamb production.**

Bombardier will maximise the yield potential per hectare, but Bombardier's quality has been enhanced to ensure that the feed produced will be of the highest quality.

Bombardier is also clubroot tolerant.

## Strengths

- Huge dry matter yields
- Improved palatability of stem
- Club root tolerance
- Improved marrow stem type
- Bred in the UK, for our conditions
