

Invitation

Later use with excellent winter hardiness

End Use: Dairy, Beef & Sheep

Utilisation: Lift and Store & Graze in situ

Sowing period: Spring

Utilisation Period: Winter

Invitation is a very uniform, clubroot resistant variety, ideal for utilisation after Christmas.

It also has excellent resistance to powdery mildew and will produce large leaves for extra grazing potential. Invitation is winter hardy and is suitable for sheep or cattle.

Bred by [James Hutton Institute](#).

Strengths

- Winter hardy
- Clubroot resistant
- Powdery mildew resistant
- Flexible utilisation period
- Large leaves for extra grazing
