

# Extra Lamb

## Productive mixture for intensive lamb production

**Use:** Dual Purpose & Hay and Haylage

**Animal:** Sheep

**Length of use:** Medium (4 - 7 Years)

**Available with Clover:** White Clover

**Popular medium term mixture for economic lamb production.**

Ideally suited to intensive sheep enterprises, Extra Lamb combines early spring growth for lambing outside. It is very persistent under close grazing.

The Cheviot White Clover blend has been specially developed for sheep and lambs and has been proven to increase liveweight gain.

Rich in protein, minerals and trace elements essential for healthy livestock. Extra Lamb can be closed off for a high yielding cut of quality silage, if desired.

**Treated with HEADSTART® GOLD for improved establishment.**

### Strengths

- Productive medium term mixture

- Best suited to intensive lamb production
- Includes Cheviot White Clover Blend to fatten lambs faster
- Most palatable mixture for sheep and lambs
- Productive for at least 5 years

## Technical Information

Suggested seed rate: 13-17 kgs/acre (32-42 kg/ha)
