

Quality Silage

Short term silage mixture with good nutritional balance

Use: Mainly Cutting

Length of use: Short Term

Production System: Intensive

Clover: No Clover

Management System: Intensive

High energy, highly digestible silage mixture giving improved production from conserved grass.

Quality Silage is a 2 year cutting mixture that produces huge yields of high energy silage enabling it to yield more megajoules per hectare than any other mixture in trials.

Treated with HEADSTART® GOLD for improved establishment.

Strengths

Rothwell, Market Rasen,
Lincolnshire, LN7 6DT
