

Scimitar®

2 year cuts of tremendously high yields

Use: Mainly Cutting, Zero Grazing & Hay and Haylage

Animal: Most Livestock

Length of use: Short to Medium (2 - 5 Years)

Available with Clover: No Clover

Two year cuts of tremendously high yields.

Short term intensive cutting mixture for two full harvest years production. High quality multiple cutting mixture with useful aftermath.

1st year yields not as high as Colossal® Silage but 2nd year yields will be higher. Scimitar® is best suited to intensive farming and high nitrogen regimes.

Compared to Italian Ryegrass mixtures, Scimitar® is more dense and will also provide useful aftermath grazing. Also suitable for zero grazing.

Treated with HEADSTART® GOLD for improved establishment.

Strengths

Rothwell, Market Rasen,
Lincolnshire, LN7 6DT
