

Smallholder

Suitable for chickens, pigs and smaller livestock

Use: Dual Purpose

Animal: Other

Length of use: Long Term (7+ Years)

Available with Clover: White Clover

A blend of dense and hard wearing grasses suitable for all classes of stock, including pigs and poultry.

This mixture will offer long season grazing over a number of years. If closed off, a high quality hay cut can also be achieved.

A fail-safe mixture designed especially for low input systems. Ideal for pigs and poultry or for low stocking rates of sheep and cattle.

Includes White Clover for nitrogen fixation.

Strengths

- Hardwearing and persistent sward
- Designed for endurance, not productivity
- Includes White Clover to minimise fertiliser requirement

- It can be closed off for a cut of hay
- For smaller classes of livestock, or sheep and cattle at low stocking rates

Technical Information

For horse only paddocks, use [Equipaddock Original Mixture](#)

Packed in 15 kg / acre LG bags

Seed is natural, untreated.

For detailed information, download our [Sinclair McGill Grass and Forage Crops Handbook](#) or for your [local stockist](#), please contact your local distributor.
