

Asgaard Forage

Legendary performance!

Maturity: Early

Site Type: Favourable & Less Favourable

Sowing Type: Open & Plastic

Legendary performance!

Combines early vigour, yield and energy density to fill the clamp with quality silage every time – an easy choice for growers.

Strengths

- Races out of the ground, one of the top varieties for Early Vigour
- Early maturing (MC7), suitable for most sites
- Superb Standing Power providing security for harvest
- High ME yields, producing plenty of high quality feed per hectare
- Excellent cell wall digestibility (60.4%), providing an energy dense feed
- High yielding, lowering the costs of production
- Reliable production for a safe harvest
