

Wizard

Let it work its magic in your clamp!

Maturity: Early

Site Type: Favourable & Less Favourable

Sowing Type: Open

Let it work its magic in your clamp!

Wizard is early to harvest (MC8) making it suitable for growing on any maize site.

It is the leading variety in the Danish Farmers Union trials and has performed well in the UK NIAB/BSPB trials.

Wizard has high ME content and CWD which maximises dry matter intake and feeding performance from the clamp.

Strengths

- Early to harvest (MC8), making it suitable for growing on any maize site
- Wizard is the leading variety in the official Danish Farmers union trials
- Wizard has superb cell wall digestibility
- High ME content and CWD maximises dry matter intake and feeding performance from the clamp
