

# Aurelia

## Highest UK gross output hybrid candidate

**Type:** Restored Hybrid

**Status:** Candidate

**Resistance Traits:** TuYV (Turnip Yellows Virus), Pod Shatter & RLM7 (Phoma Resistance)

Aurelia is one of the first fully loaded hybrids from LG to really show the benefits of our breeding strategy. The variety offers very high yield potential combined with an outstanding package of traits including; TuYV resistance, pod shatter resistance and RLM7 protection against stem canker, to ensure growers shouldn't lose yield in unfavourable conditions. This next generation variety sets a new benchmark for hybrid performance in the UK.

### Strengths

- Fully loaded hybrid
- Very high yields
