

No.3 Cutting

Organic silage grass seed mixture

Use: Silage & Grazing

Length of use: Long Term

Animal: Dairy, Beef, Sheep, Other & Most Livestock

This 4 year plus organic mixture has been designed to give that slight edge to silage quality at each cut.

The choice of varieties with close cutting dates mean all grasses are at their optimum quality, at the same time.

Despite its name, Organic Cutting mixture also doubles up as a good quality grazing mixture in mid summer, with leafy grass regrowth.

Strengths

- High ME silage
- Includes white clover
- Aftermath grazing

Technical Information

70% Organic seed content.

Rothwell, Market Rasen,
Lincolnshire, LN7 6DT
