

Mantara

Highest yielding maple pea available

Agronomic Traits: Pea Wilt Resistant

Mantara has rounded grain of a light brown colour, which is the requirements for the niche pigeon feed trade, which is undersupplied from UK production. Mantara is the highest yielding maple pea on the PGRO Descriptive List and is 4% higher yielding than Rose. It has moderately short straw with very good standing ability. The variety has good resistance to downy mildew and is also resistant to pea wilt.

Strengths

- Highest yielding maple pea on the PGRO Descriptive List
- Good standing
- Very good disease profile
- Suitable for niche pigeon feed market
